Subject: Construction Activities on LPT's 2301 Renaissance Boulevard Property

This project status report covers on-site work completed on the subject property on 10/4/01 and planned for completion on 10/5/01.

#### **Work Completed on 10/4/01**

Excavation and off-site shipment of materials removed from the CSFA was continued today. Footers associated with the on-site building were also installed today.

#### **Anticipated Work on 10/5/01**

Soils exhibiting a slight creosote odor were detected just beneath the cinder/slag fill material. This material will be characterized tomorrow for off-site disposal purposes. Footers associated with the on-site building will also be installed tomorrow.

#### **Potential Issues**

No potential issues of concern were identified at the site today.
